

IMPROVE YOUR DÉCOR

Need help making your space really work? Consider one of Calgary's savvy interior designers.

For a more economical spruce-up, consider **Accent on Design**. Working with your existing furnishings plus minor accent pieces designer and owner Adena Lucas says that sometimes all you need is a fresh perspective. "A lot of the time we're so used to having this picture over the sofa, and this table neat the chair that it's hard to imagine it in a different place," Lucas says, "but changing it around can make a big difference."
